

ND ESPB Program Approval Report Form -Section D item 2d lists: Employer survey results related to content knowledge

Employer Data: The employer survey results related to content knowledge are disaggregated by teacher education program areas. Surveys were administered in the spring semesters of the 2015-2016, 2016-2017, 2017-2018, and 2018-2019 academic years.

Elementary Education data are disaggregated by year due to the volume of completers and responses available. The other majors have a combined total over the course of four years to prevent the completers' responses from being identifiable.
